Overcoming Counterfeiting

ISSUES

- Understanding Counterfeiting
- Developing Action Plans
- Implementing Action Plans
Overcoming Counterfeiting

Understanding Counterfeiting

- Medicines with Compromised Quality, Safety and Efficacy (QSE)
- Medicines with Wrong Identity
- Where and How They Originate?
- How They Infiltrate Supply Chain?
Overcoming Counterfeiting

Developing Action Plans for In House Control

- Procurement of Key Components of Product Identity
- QA and Financial Audit of Vendors
- Encouraging Employee Participation
- Alerts from the Field
- Monitoring and Responding to Field Alerts
- QA Response Time
Overcoming Counterfeiting

Developing Action Plans for Supply Chain Links

- Third-Party Manufacturer
- Transporter/Clearing Agent
- Distributor/Wholesaler/Retailer

*Track and Trace System Alone is Not Enough*
Overcoming Counterfeiting

Implementing Action Plans

- Involvement of Top Management
- Allocation of Resources
- 3Ms – Monitoring, Measuring and Managing

Changing Organization Culture
THANK YOU
