

INDIA PHARMACEUTICAL FORUM 2017

Venue: JW Marriott, Juhu Tara Road, Mumbai 400049, India
Date: 23 - 24 February 2017

"Towards Excellence in Quality"

The conference focuses on one of the most pressing issues for the pharmaceutical industry. It will bring manufacturers, regulators and other stakeholders together to facilitate discussions resulting in meaningful and actionable outcomes. It is designed to take all stakeholders responsible for quality, manufacturing and regulatory affairs systematically through the issues and topics that need attention to take the industry further in its journey towards excellence in quality.

Topics

- Building a Strong Quality Culture and Line Ownership
- Quality Metrics
- Batch Failure Investigations
- Complaints - Investigations & Review
- Process Validation
- How to Benefit from EDQM Inspections
(In the Context of Certification Procedure)
- Most Common Deficiencies Found by EDQM
- Way Forward - Unlock the Potential: CEO Panel
